Time to make your escape.

Spontaneity is a luxury to which few truly have access. But for those with the freedom to take flight at a moment’s notice, there can be no more desirable car in which to do so than a Continental GT.

From the consummate Continental GT V8 and its sportier sibling, the V8 S, to the power and luxury of the W12 Continental GT and the phenomenal GT Speed, there is a Continental to suit every taste, a grand tourer for all who insist on exquisite exhilaration.

With new updates to the Continental’s sleek styling and a wealth of handcrafted new options, there has never been a more appropriate moment to reach for the keys and take to the road.
INTRODUCTION

Convertible or coupé?

It’s a small question, but one with big implications.

Both body styles cut a striking silhouette. In fact, both inspire awe when viewed from any height or angle. But this is not so much a question of how you want your Continental to look. It’s about how you want to feel when you drive.

It could be argued that the coupé is the classic Continental. But it could also be said that a convertible is the only way to truly appreciate the open road. Not only does it allow you to enjoy the breeze, but also enjoy the sound of your engine as you drive.

Whatever your preference, you will enjoy incredible performance and generous space for your passengers and luggage, whichever Continental you choose. Consider it a choice of two routes to the same destination.
The Continental GT V8.

For those keen to experience grand touring the way it was always meant to be, meet the consummate Continental: the Bentley Continental GT V8.

Its 4.0 litre, twin-turbocharged engine delivers the powerful roar you expect from a V8 powerplant. Inside, however, expect to be struck by much more than its exquisite exhaust note.

The straight flute seats lend a sleek sense of contemporary style to the luxurious interior. The brightware in the centre console contrasts with the Dark Fiddleback Eucalyptus veneers that encircle the cabin, while redesigned rear console storage affords more space for travelling essentials.

From the outside, its pedigree is clear: with its bright chrome matrix grille, its dark red Bentley badging and its twin figure-of-eight stainless steel tailpipes, the Continental GT V8 is the embodiment of luxury grand touring.
The Continental GT V8 S.

The Continental GT V8 S introduces a serious sporting edge to the Continental range.
From the rich purr it emits on starting to the glorious roar as it accelerates from 0-60 mph in 4.3 seconds (0-100 km/h in 4.5 seconds)*, it delivers nothing less than pure exhilaration.

Sports suspension with a 10 mm reduction in the standard Continental ride height makes driving an experience to remember – an effect heightened by the addition of the Bentley 3-spoke sports steering wheel. And it looks the part too.
A gloss black finish on the side sills, rear diffuser and front splitter give the car a more purposeful appearance, while the red painted brake callipers, visible through the 20" open-spoke wheels, complement its red V8 Bentley badges.

The Continental GT V8 S is undoubtedly a great British grand tourer. But it’s the combination of Bentley craftsmanship and motorsport style that truly evokes the thrill of the track.

* Continential GT V8 S coupé.
The Continental GT.

Meet the Continental GT, grand touring for drivers who demand performance and refinement in equal measure. Its 6.0 litre, twin-turbocharged W12 engine delivers 720 Nm of torque (531 lb ft at 1,800 rpm). The result is effortless acceleration from 0-60 mph in 4.3 seconds (0-100 km/h in 4.5 seconds)*.

But the Continental GT's legendary performance is only half the story. Take a seat inside and the luxurious nature of Bentley design is revealed in all its glory. A flawless combination of natural materials and fine craftsmanship, from the hand-stitched leather hides and polished wood veneers to the dashboard-mounted clock, this is a car as refined as it is powerful.

This is grand touring in unprecedented style.

*Continental GT coupé.
The Continental GT Speed

Prepare for an encounter with the most powerful and exquisite Continental. As finely crafted as it is exhilarating to drive, nothing compares to the Continental GT Speed.

Unique dark tint 21" wheels match the dark tint of the lights and front grilles, hinting at the power to be unleashed. With a twin-turbocharged, 6.0 litre W12 engine that can propel the car to a top speed of 206 mph (331 km/h) *, this is the fastest road-going Bentley ever built. And with its lower ride height, it feels even faster. But for many, there are other reasons to opt for the flagship Continental.

Throughout the cabin, luxury and dynamism exist side by side. The sports steering wheel is hand-upholstered in the same hide as the diamond-quilted seats and side panels. Aluminium treadplates engraved with the Speed logo match the Speed logos embroidered onto the headrests. Drilled alloy sports foot pedals and a finely knurled gear lever complete the picture.

If you live to experience excitement in unbridled luxury and performance, the Continental GT Speed awaits.

*Continental GT Speed coupé.24
The art of luxurious design.

The knife-edge crease lines that characterise the Continental’s profile cannot be created by traditional manufacturing techniques. This can only be achieved by superforming – a process developed in the aerospace industry, in which the aluminium is heated to 500°C and shaped by air pressure. It’s just one example of the attention to detail that sets the Continental GT apart.

From the familiar powerline running back along the profile of every Continental GT to the distinctive twin headlamps that adorn the front, the Bentley design DNA is evident in every exterior detail. A redesigned front bumper, grille and fenders give a confident stance, while a wider rear bumper is more evocative of power and purpose.

The lean muscular form of the rear haunch conveys the power that resides beneath, while the Bentley matrix grille provides a clear reminder of the car’s racing heritage.
Design: the facts.

• Sleek GT body with discreet bonnet line
• Superformed design lines with no welded joins or seams
• Signature Bentley radiator grille
• Distinctive twin headlamps with LED signature lamps
• Bentley ‘B’ styled front fender wing badge
• Wraparound LED rear lamps with jewelled effect inner lamp treatment
Beneath the bonnet of the Continental GT V8 and the Continental GT V8 S beats the same heart that drives Bentley’s GT3 track car: a 4.0 litre, twin-turbocharged V8 engine capable of generating up to 680 Nm (502 lb ft)* of torque. Despite its power, CO2 emissions are only 246 g/km**, due in part to the use of Variable Displacement. At less aggressive throttle openings, the engine switches off four of its eight cylinders, so they only act as gas springs. As soon as the car accelerates, the other four cylinders seamlessly re-activate.

Switchable hydraulic engine mounts change to a ‘soft’ state while the car is idling to improve isolation from vibration, then back to ‘hard’ when the car is driven more dynamically, reducing roll and boosting performance.

A 32-bit TriCore™ microprocessor sits at the heart of the engine management system, ensuring that all of these mode changes are made with imperceptible smoothness – much like the gear changes, thanks to the 8-speed transmission.

For the ultimate in efficient performance, the engineering team introduced hot-side inside (HSI) technology in essence, a method of reducing both energy wastage and engine weight by mounting the turbochargers within the ‘V’ of the V8 cylinder arrangement. The result is improved throttle response due to the shorter intake.

On the Continental GT V8 S, the suspension has been lowered, while the springs and damping have been revised, front and back. Alongside an updated rear anti-roll bar, this improves control and balance, while the recalibrated steering enhances driver feedback and feel. The suspension is even tuned differently for the coupé and convertible models, to optimise the effect for each body style.

Built for the road and tuned for the track, this is a powertrain designed to excite.

*Continental GT V8 S.
**Continental GT V8 coupé.
The V8 engine: the facts.

• 4.0 litre, twin-turbocharged V8 engine
• Maximum speed of 192 mph / 309 km/h*
• 0-60 mph in 4.3 seconds / 0-100 km/h in 4.5 seconds*
• 520 bhp / 388 kW / 528 PS @ 6,000 rpm*
• 680 Nm / 502 lb ft @ 1,700 rpm*
• Permanent all-wheel drive
• Hot-side inside (HSI) turbochargers for improved throttle response
• Variable cylinder displacement for increased efficiency
The W12 engine: 6.0 litres of power.

Both the Continental GT and the Continental GT Speed are built around the latest incarnation of Bentley’s renowned 6.0-litre, twin-turbocharged W12 engine. With the power to propel an all-wheel drive grand tourer to speeds of over 200 mph (321 km/h), the entire powertrain represents the cutting edge of automotive engineering. Torque now reaches 720 Nm (531 lb ft) in the Continental GT and 820 Nm (605 lb ft) in the GT Speed.

Every model in the Continental range features a Torsen permanent all-wheel drive system, with the power split 40:60 front to rear. This allows drivers to control the car’s position and balance more easily via the throttle, while minimising understeer during hardcornering. The result is a drive that, while safer, feels even more thrilling and dynamic.

The turbochargers have been singled out for special attention, the result being excellent responsiveness at low engine speeds, with efficiency gains too. They work together with a new engine management system and the 8-speed transmission to improve refinement and fuel economy further.

In the Continental GT, a variable displacement system is able to cut the number of cylinders in operation from twelve to six, when the full power of the engine is not needed. The moment the throttle is opened again, they re-activate automatically.

The result of all this engineering innovation is reduced fuel consumption and emissions, with the benefit of even faster acceleration.*
The W12 engine: the facts.

- 6.0 litre, W12 twin-turbocharged engine
- Maximum speed of 206 mph / 331 km/h*
- 0-60 mph in 4.0 seconds / 0-100 km/h in 4.2 seconds*
- 626 bhp / 467 kW / 635 PS @ 6,000 rpm*
- 820 Nm / 605 lb ft @ 2,000 rpm*
- Permanent all-wheel drive
- Variable cylinder displacement (Continental GT only)
Perhaps the first thing you notice when sitting in the new Continental GT is the quality of craftsmanship evident in the seat itself. New design straight fluting or diamond quilted hides give the inside of the car a fresh, contemporary edge.

The leather is not limited to the seats, however; nor are your chosen colours limited to the leather. In fact, the stitching, carpets and seat belts can all be commissioned to complement or contrast your chosen colour of hide.

Ethically sourced veneers encircle the cabin. Those with visible grain patterns are mirror-matched, meaning that each panel is placed opposite its mirror-image to ensure the whole cabin is symmetrical. To achieve that legendary finish, every veneered panel is sanded and lacquered by hand multiple times.

For a more technical look, there are options beyond handcrafted wood. ‘Engine Spin’ aluminium can be selected in a dark or bright finish, while carbon fibre can be chosen to evoke the extreme style of modern track cars.

Set into the fascia, sits the re-designed dashboard-mounted clock, alongside instrument dials with chrome bezels that match the bulls-eye air vents and knurled chrome organ stop controls.

It may well be the seats that you notice first. But in seconds, it will become evident that the entire cabin is crafted by hand.
Interior: the facts.

- Contemporary design straight flute or diamond quilted seats
- Hand-upholstered leather seats
- Twin-stitched hide (contrat stitching optional)
- Symmetrical fascia, inspired by the shape of the winged Bentley logo
- Seat belts and leather-bound carpets to match hide colours
- Ethically sourced, mirror-matched veneers
- Automatic seat belt presenter
- Dashboard-mounted clock
- Bulls-eye air vents with chrome organ stop controls
The 21st Century grand tourer.

The 8" touch screen in the centre console controls an integrated information and entertainment system. A 30 GB hard drive provides quick access to mapping data and the options of landscape imagery*, alongside live traffic data and online access for point-of-interest searches.

An optional WiFi hotspot supports the use of digital devices such as tablets, smartphones and laptops. All it requires for operation is a SIM card; this can be the card you normally use in your phone or a separate card supplied by your mobile network.

The Continental GT can pair with almost any Bluetooth® smartphone, tablet or media player, playing music through the in-car audio system and accessing the contact database in a smartphone.

The sound system itself features eight Balanced Mode Radiator (BMR) speakers. By combining the functions of separate tweeters and mid-range speakers in a single unit, they are able to direct sound around the cabin accurately and with incredible clarity. Choose the convertible and enjoy automatic adjustment to the subwoofer and overall bass settings when the top is down.

The Facts.

- 8" touch screen infotainment system
- Integrated satellite navigation*
- 30 GB hard drive for instant access to map data and more*
- Bluetooth® connection to smartphone and tablets
- 8-channel BMR audio system
- Volumetric ultrasonic alarm
- Satellite radio (Sirius)*

*Market specific.
Naim™ for Bentley: unrivalled in-car sound.

Those looking for the ultimate audio experience should consider the Naim™ for Bentley premium audio system. Featuring 11 Balanced Mode Radiator (BMR) speakers and an 1,100 watt amplifier no larger than a conventional 420 watt unit, it is the result of an acoustic analysis that considered every possible factor — right down to the way the car’s body panels behave in motion.

It even features a DSP ‘brain’ that can re-time the sound, ensuring that the bass from the boot-mounted subwoofer reaches the listener’s ears at the same time as the treble from the front dashboard-mounted tweeters.

The result is a new benchmark in automotive sound systems, whenever you are in the car:

- 1,100 watt amplifier (11 channels)
- 8 (enhanced) DSP modes
- 11 Naim™ speakers including dual subwoofers
- Dynamic equalization
- Theatre surround-sound experience

Naim is available as an individual cost option or as part of the Premier Specification.
The complete convertible.

The roof of the Continental GT Convertible is so cleverly insulated that, with the top up, it’s easy to believe you’re sitting in a coupe. Its four layers of custom-designed fabric ensure that the car and its contents remain secure, even when unoccupied. With the top down, however, there are several features designed specifically to enhance the thrill of open-top grand touring.

Heated front seats are a standard feature whereas integrated neck warmers, a wind deflector and a heated steering wheel are all included in the All Seasons Specification* or as individual options, taking the chill off any cold-weather drive.

The truly is a convertible that can be enjoyed all year round.

The facts.

- Four-layer insulated roof
- Heated front seats
- Integrated neck warmers
- Wind deflector
- Heated steering wheel
- Front seat ventilation system including massage function

*Available as a cost option.
With so many options to configure your car to your personal tastes, it is highly unlikely you will ever see another one quite like it. From the exterior paint and wheels to fine details such as steering wheel upholstery and the finishes on the foot pedals and the gear lever, almost every visible feature can be customised to your specification. But if you desire even more freedom to tailor your Continental, the Mulliner team at the Bentley factory in Crewe can undertake completely bespoke modifications, to meet your specific requirements.
You can even commission your own colour. There are over 100 exterior colours from which you can choose a finish for your Continental. Far separate the ones that are commercial and true to you. Did you always imagine you'd have enough time to find something? Comparison, for example, can make you think twice when you see something you like. Now imagine the same effect playing on the sleek lines of a new Continental GT.
A wide range of wheels.
Continental wheels are available in a range of designs. Depending on your choice, six different finishes are also available. Just like the rest of the Continental exterior, all Continental wheels were designed at the Bentley factory in Crewe, so they match the car’s proportions perfectly. For full all-weather capability, winter compound tyres are also available from your Bentley dealer.

For details on which wheels can be selected for each model, see the Specifications and Options section on page 110.
Interior veneers.

All Bentley wood veneers are cured and treated with five layers of clear lacquer by hand, to achieve a truly luxurious finish without compromising the natural beauty of the grain. With a wide range of veneers to choose from, all of which are ethically sourced, alongside options such as Bright or Dark Tint Aluminium and the motorsport-inspired Carbon Fibre, for a more technical look.

*Continental GT Speed models only.
For standard veneers and model applicability please refer to the Specifications and Options on page 110 for each model.

Please note, the colours reproduced are for representation purposes only and therefore vary slightly from the actual vehicle.
Bentley has never resorted to embossing on hides to disguise imperfections. The craftsmen and women at the Bentley factory select only the finest leather from northern European herds that graze at higher altitudes, where insect bites and other disfiguring marks are less likely to be found on the animals. Before delivery to the Bentley factory, the hides undergo a traditional tanning process, giving them a rich, mature leather aroma. Only then is each skin pre-tensioned and seasoned, before it is passed to the upholsterers.

There are many hides and colour combinations to choose from, but whichever you select, you can rely on the exacting standards of the craftsmen and women who selected them.

For standard hides and model applicability please refer to the Specifications and Options on page 110 for each model.

Please note, the colours reproduced are for representation purposes only and therefore vary slightly from the actual vehicle.

• Veneer doors and rear-quarter inserts

PERSONALISING YOUR CAR
Creating a bespoke Continental is always a rewarding experience. A vast number of colour, trim and feature combinations enable you to create your ideal specification.

To make it easier, Bentley has created a selection of optional packages that will add to your overall ownership experience. Multiple packages can be chosen as well as individual options. All work in harmony to create a very personal Continental.

COLOUR SPECIFICATION (Continental GT V8 only)
- Full choice of hides – 17 colours available
- Full choice of interior colour splits
- Leather headlining available in 17 hide colours (coupé only)
- Full choice of hood colours available (Dark Grey Metallic subject to additional cost)

MULLINER DRIVING SPECIFICATION (Continental GT, V8 and V8 S only)
- Unique 21” alloy wheel (alternative wheels available)
- Seats and main panels upholstered in diamond quilted, perforated hide
- Indented hide details throughout
- Jewel fuel and oil filler caps
- Knurled sports gear lever (standard on Continental GT V8 S)
- Drilled alloy sports foot pedals
- Colour Specification (GT V8 only)
- Embroidered Bentley emblems (no cost option)
- Dark Stained Burr Walnut and Piano Black veneer (no cost option, Piano Black standard on Continental GT V8 S)

PREMIER SPECIFICATION (All models)
- Naim™ for Bentley premium audio system
- Rear view camera
- Massage seats and seat ventilation to front seats
- Vane parking key
- Twin fron armrests

INTERIOR STYLE SPECIFICATION WITH CONTRAST STITCHING (All models)
- Contrast stitching
- Hand stitching to steering wheel in contrasting colour
- Deep pile overmats
- Contrast binding to overmats
- Contrast binding to boot carpet
- Contrast binding to boot carpet

INTERIOR STYLE SPECIFICATION WITH HAND CROSS STITCHING (All models)
- Hand cross stitching
- Hand stitching to steering wheel in contrasting colour
- Deep pile overmats
- Contrast binding to overmats
- Contrast binding to boot carpet
- Contrast binding to boot carpet

ALL SEASONS SPECIFICATION (All Convertible models)
- Heated, single tone, 3-spoke, hide trimmed steering wheel
- Neck warmer
- Premier Specification or ventilated seats must be selected
- Wind deflector

GT V8 S SPORTS SPECIFICATION (Continental GT V8 S models only)
- Sports exhaust
- Carbon ceramic brakes with a choice of red or black painted brake calipers
- Carbon Fibre fascia panels

EXTENDED GT V8 S SPORTS SPECIFICATION (Continental GT V8 S models only)
- Sports exhaust
- Carbon ceramic brakes with a choice of red or black painted brake calipers
- Carbon Fibre fascia, console and roof panels

CLASSIC SPECIFICATION (Continental GT and GT V8 only)
- Bright chromed lower bumper matrix style grille
- Viewed door and rear quarter inserts
- Viewed rear armrest (coupé only)
- Storage case to centre console
- Boot carpet matched to interior carpet colour
The bespoke Bentley, by Mulliner.

Mulliner, Bentley’s personal commissioning department, takes Bentley personalisation even further, giving you the chance to make your car truly unique. Consider it the bespoke tailor of the automotive world.

Established in 1760, Mulliner was one of Britain’s first coachbuilders. When the “horseless carriage” emerged in the 1900s, the company was ideally placed to build their bodywork.

Today, the Mulliner workshop undertakes every bespoke Bentley project. From requests as simple as monogrammed upholstery to the kind of tailored body modifications that can only be undertaken by a skilled coachbuilder, the Mulliner team delivers luxury on a new level.

Its Bespoke Hide Service, for example, enables you to commission a hide colour to match any colour sample you provide. Whether it’s a favourite suit, a favourite lipstick or the coat of your favourite racehorse, Mulliner’s experts can re-create any shade you specify and reproduce it almost anywhere in your car.

With Mulliner, you can also choose to personalise specific elements of your Bentley. For example, the design team have suggested a unique, eye-catching colour split to highlight the ‘cobra’ effect of the new Continental GT Speed seat, which can be complemented with contrast stitching and embroidered Bentley logos.

Mulliner offers limitless opportunity to enhance the exhilaration you can only feel in a Continental. There is no better way to create the car of your dreams.
Direct from the drawing board.

When colours are combined successfully, the result can be breathtaking. Even the subtlest adjustment of one hue can unlock the beauty of the others. On the pages that follow, our designers demonstrate the power of a well-planned palette, with a selection of their personal favourites.
Sunspot.
The glowing, autumnal Amber exterior is echoed by the warmth of the Madrona veneers within. A dual tone Linen and Newmarket Tan interior strikes just the right balance of freshness and contrast. The effect is a fusion of the contemporary with the classic.
Pure Power.

White with red painted brake calipers and black body trim, a classic sports combination. By replacing traditional white gloss with a metallic light silver alternative, Ice gives the Continental GT V8 S a sophisticated look, while retaining its racing edge.
If it were possible for a single colour to encapsulate the thrill of driving a Continental GT V8 S convertible at speed in the sun, it would be Monaco Yellow. With the top down, yellow stitching is clearly visible on the Beluga black leather hides that adorn the cabin. A beautiful car, crafted and configured for the open road.

**Solar Power.**

**Veneer:** Piano Black  
**Secondary Hide:** Beluga  
**Main Hide:** Beluga  
**Exterior Paint:** Monaco Yellow
Chromium.

With its Moonbeam exterior paintwork, the Continental GT – now widely regarded as the definitive modern Bentley – looks like it has been sculpted from a solid block of steel. A classic interior combination of Porpoise and Camel hides complement the Dark Fiddleback Eucalyptus veneer for a look that is unmistakably Bentley.

- Exterior Paint: Moonbeam
- Main Hide: Camel
- Secondary Hide: Porpoise
- Veneer: Dark Fiddleback Eucalyptus
DESIGNER’S CHOICE

Red Line.
No colour signifies passion and heightened emotion like red. The Candy Red exterior of this Continental GT Speed affords a classic sports car look, while the Porpoise with Hotspur accent hides that adorn the interior lend this uncompromising configuration a contrasting cool confidence.

Exterior Paint: Candy Red
Main Hide: Porpoise
Secondary Hide: Hotspur
Veneer: Carbon Fibre

99
Forbidden Fruit.

The hidden depths of this Continental’s Damson paintwork add a sense of opulence to the dark black hood. Inside, the cool sophistication of the Portland main hide provides the perfect canvas for the natural beauty of the Dark Stained Burr Walnut veneers.

**DESIGNER’S CHOICE**

- **Veneer:** Dark Stained Burr Walnut
- **Secondary Hide:** Damson
- **Main Hide:** Portland
- **Exterior Paint:** Damson

Continental GT Speed Convertible.
Accessories.

Our designers and engineers are involved in setting the specifications for each of the accessories for the Continental GT, which are then rigorously tested to Bentley standards.

Accessories include protective personalized car covers for both indoor and outdoor use, self-righting wheel centre badges and winter traction aids for snow and ice.

The jewelled Bentley torch features the Bentley ‘B’ etched into the lens, while a child seat trimmed with Bentley upholstery can even be embroidered with your child’s name.

For details of our full accessories range, please contact your local Bentley dealer.
Bentley events.

Every year, Bentley runs a series of events exclusively for Bentley drivers, enthusiasts and anyone who wishes to gain a closer acquaintance with the Bentley brand.

From the pure exhilaration of the Power on Ice experience, to grand tours through some of Europe’s most impressive landscapes, our range of unique events offers something for the adventurous explorer and thrill seeker.

To discover more, visit Events.BentleyMotors.com

Financing your Continental GT.

We tailor our finance agreements to ensure you make the most of your investment. While other financiers look only at their customers, our experts create bespoke packages, based not just on your personal circumstances, but also on the car you commission.

To discover more, please visit your local Bentley dealer or visit BentleyMotors.com

The Bentley Experience.

The Bentley Experience begins at CW1 House, offering you an innovative and memorable brand experience at the home of the Bentley factory in Crewe – where each and every one of our cars is crafted to perfection.

The CW1 House showroom contains the full model range with a brand new Personalisation area, bespoke Mulliner room and dedicated boutique, giving you a clear window into the world of the Bentley brand.

With the opportunity to visit Bentley’s factory, the Bentley Experience offers a unique insight into the world-class design and engineering required to create a Bentley motor car. Factory visits are available exclusively to customers.

When you commission your Bentley in person, you will discover exactly what craftsmanship means. A personal guide will tailor every detail of your visit to your time, tastes and interests, right down to selecting the colour of thread used to hand cross stitch the interior you desire. Whether you have an hour to spare or a whole day, seeing the way your car is made will only accentuate the pleasure of owning it.

To book a visit to CW1 House and the factory, please visit BentleyMotors.com
No car evokes the spirit of spontaneous adventure quite like the Continental GT. So why wait?
To arrange a test drive, please contact your local Bentley dealer.

STANDARD SPECIFICATION

- Exterior oil filler cap
- Front and rear side and thorax airbags
- Deactivation and driver’s knee airbag
- Driver and front passenger airbag with front passenger
- Airbag deactivation and driver’s knee airbag
- Park distance control with graphic on infotainment screen
- Rain sensing windscreen wipers
- Adaptive cruise control

TECHNOLOGY

- Front screen infotainment system with 8” high resolution
- Screen, 8 channel, 8 speaker audio system with Balanced Mode
- Ratios (BMR) speakers
- parks, dashboard-mounted clock
- Multi function'Brien, illuminated Blue, Imperial, Bespoke, Neptune, Oxford, St. James’ Red, Thunder
- Rear view camera
- Night vision front and rear view camera
- Front and rear side and thorax airbags
- Deactivation and driver’s knee airbag
- Park distance control with graphic on infotainment screen
- Rain sensing windscreen wipers
- Adaptive cruise control

CONVENIENCE

- 4 roof interior colours: Beluga, Blue, Grey, Saddle
- 4 additional roof interior colours: Camel, Light Grey, Magnolia, Saffron
- All Season Specifications
- Wind deflector
- Electrically adjustable rear wiper
- Sun visor

INTERIOR

- 3 roof interior colours: Beige, Claret, Dark Brown, Dark Grey Metallic, Green (only available as part of the Colour Specification and Dark Grey Metallic exactly in an additional cost)

- 4 roof interior colours: Beluga, Blue, Grey, Saddle
- 4 additional roof interior colours: Camel, Light Grey, Magnolia, Saffron
- All Season Specifications
- Wind deflector
- Electrically adjustable rear wiper
- Sun visor

STANDARD SPECIFICATION

- In addition to the Continental GT V8 coupe specification

EXTERIOR

- Automatic folding 4-layer insulated fabric hood in 3 colours: Black, Grey, Blue
- Automatic rear view camera
- Remote control garage door / electronic gate opener
- Remote control garage door / electronic gate opener
- GPS tracking system full fitment, in addition to standard alarm system
- Remote control garage door / electronic gate opener

INTERIOR

- Colour Specification
- Interior Style Specification – with contrast stitching
- Interior Style Specification – with hand cross stitching
- Mulliner Driving Specification

OPTIONAL SPECIFICATION

- Choice of 5 additional hood colours: Beige, Camel, Dark Brown, Dark Grey Metallic, Green (only available as part of the Colour Specification and Dark Grey Metallic exactly in an additional cost)
Continental GT V8 S

**STANDARD SPECIFICATION**
(in addition to the Continental GT V8 coupé standard specification)

**WHEELS**
- 20" open-spoke alloy wheel – painted with red wheel centre badges

**SUSPENSION**
- Lowered sports suspension (10 mm reduction compared to Continental GT V8)

**EXTERIOR**
- Beluga gloss front splitter, side skirts, rear extension and diffuser body styling as part of the Lower Body Styling Specification
- Gloss black radiator grille with bright surround and centre strip
- Choice of 17 exterior paint colours: Beluga, Blue, Camel, Dark Cashmere, Dark Sapphire, Glacier White, Grano, Helios, Havana, Linen, Midnight, Minerva, Moonbeam, Onyx, Porto Santo, Sienna, Teak, Thistle, White Satin
- V8 S front wing badges (can be removed upon request)
- Red painted brake callipers

**INTERIOR**
- Full premium grade hide interior with a choice of 17 colours: Beluga, Brunel, Burnt Oak, Camel, Cumbrian Green, Dixon, Flannel, Grape, Imperial Blue, Linen, Magnolia, Newmarket Tan, Pacific, Porpoise, Portland, Saddle, Saffron, Shortbread
- Piano Black veneer to console and fascia
- Sports, single-tone, 3-spoke, hide trimmed steering wheel
